SATORI

Tulum high end living

Satori is the present moment, the here and now. The instant in which the past and the future dissolve and become an illusion.

Inspired by this concept, we designed a project that reflects luxury, comfort and functional spaces that allow living in connection and harmony with nature and with oneself.

Satori consists of 28 units with 4 different prototypes that make up a private gated community in a privileged location of Region 15, the fastest growing and appreciating neighborhood in all Tulum.

It inhabits your mind, your space, your soul, your now.

Inhabits Satori.
